Job Description:

We are looking for a skilled and diligent plant operator to join our small team. Working as part of the team the role will involve constructing mountain bike trails and pump tracks across the UK. Candidates will be expected to operate machinery as well as carry out physically demanding manual tasks in all weather conditions on remote and rural sites. Primarily the role will require use of a 360 Excavator with the role on site requiring operation most days. However due to working as part of a small team the role requires operation of other items of plant and handwork regularly.

Duties:

- Use of appropriate plant
- Manual labour and use of hand tools and vibrating compactor plates
- Logistics planning and site survey

Qualifications:

Essential

- A passion for mountain biking/BMX/Skateboarding
- CPCS 360 excavator ticket (or equivalent)
- Full UK (Category B) Driving licence

Desirable Competencies

- CS30/CS31 chainsaw ticket
- Full UK (Category B+E) Driving licence:
- Works well within a team
- Motivated, passionate and hard working
- Good problem solving skills
- Conscientious
- Health and safety conscious
- Punctual and reliable
- Ability to work outdoors for long periods in all weather conditions
- A keen eye for trail shaping and finishing

Closing date – June 25th 2021

Interested candidates should send a completed application form to sophie.abrahams@velosolutions.com
